Dear Sir/Madam,

### **OVINE BRUCELLOSIS-FREE (RAM FLOCK) ACCREDITATION SCHEME**

With reference to the testing of your ram flock carried out by Dr Carmody on 03/05/2022, please be advised that your flock has passed the accreditation testing requirements and so continues to fulfil the conditions of the Ovine Brucellosis Accreditation Scheme.

Your next test will fall due in **May 2024**. All rams on the property over the age of twelve months (including teasers) which you have used or are intending to use should be tested. If you wish to vary the time of this test, please contact me.

I remind you of the conditions of the signed accreditation agreement, especially (1) that any rams introduced from non-accredited flocks should be isolated and tested twice over 60 days, and also (2) that your accredited rams must not run on a property that has not been inspected and approved for accreditation purposes. Most accreditation failures involve one of these two issues.

If you have any questions about the accreditation scheme, please contact your District Veterinary Officer, or me on 0447 622 541.

Please note your invoice of \$45 for the issuing of this certificate will be sent to you via the DJPR Finance Branch shortly.

Yours sincerely

Meghan Hanrahan  
Leading Animal Health Officer
