I certify that this flock is accredited in the NSW Ovine Brucellosis Accreditation Scheme.

Accreditation does not provide a guarantee that the flock is free from ovine brucellosis. It is a statement that, on the basis of property inspection, sheep examination and testing, and agreement by the flock owner to comply with the rules of the Scheme, no evidence of ovine brucellosis has been detected in sheep on the property. This certificate may be cancelled at any time should there be any breach of the owner agreement or if ovine brucellosis is suspected or confirmed in any sheep on the property.
